

ADDISON TOWNSHIP FIRE DEPARTMENT

SMOKE ALARM INSTALLATION PROGRAM

What is the program?

In October of 2023, Addison Township Fire Department joined a statewide fire campaign to reduce the number of fire related injuries, deaths, and property loss. To accomplish this ATFD is actively installing smoke alarms and educating residents on fire safety and prevention.

Why is the program important?

80% of all fire related deaths in Michigan since 2023 have occurred in a home without working smoke detectors.

How much does it cost?

The program is free to all residents of Addison Township. The fire department will install up to 6 smoke alarms free of charge.
